Using the remit for the post you are applying for, please give a *short* statement explaining your relevant skills / experience and why you are a good candidate for this post on the Lacrosse Scotland Board. Your statement must not go beyond this A4 page.

I have now been involved in the sport of Lacrosse for 8 years, starting out at Exeter University before moving to play for Reading in the SEMLA Premiership, and more recently for Edinburgh City in the Scottish Leagues. In that time I've seen a number of Lacrosse Communities, competitions and organisations all with different levels of maturity and experience, but all sharing the same passion for bringing new players into the game, and for giving those already playing the best environment possible for developing their skills. Without great development pathways, minor sports such as Lacrosse will struggle to be successful.

I have been involved in Committee work for the majority of time I have been involved in Lacrosse, as I have always been someone keen to volunteer my time and input to help support my sport and my various clubs, and I currently help run Edinburgh City Lacrosse Club in my remit as Secretary, as well as being heavily involved in the newly establish Scottish Box Domestic League. I am passionate about working hard to ensuring that the sport of Lacrosse remains accessible for as many people as possible, and this is a huge factor behind my decision to apply for this role, as I believe that Lacrosse in Scotland has a huge amount of potential.

If I were to be successful in getting this role, there are a number of areas where I think we can implement real positive change within the Lacrosse Community. Umpire and Referee development, tackling the post-University Drop Off and establishing structures to implement grassroots Junior Lacrosse are just a few areas I would consider key strategic pillars for the future development of Lacrosse in Scotland. Having been involved in a number of junior coaching programmes in recent years I appreciate the unique challenges we will face in our mission to achieve these goals, but I think that with adequate planning, engagement and commitment we can develop a great platform for Scottish Lacrosse to build from moving forward into the future.

On a more personal level, I feel that I am an optimistic and enthusiastic individual, and have a truly passionate desire to see Lacrosse be genuinely successful in Scotland. Through building positive relationships and engaging with stakeholders in a transparent, open and honest way, I hope that I would be able to positively influence the future of Lacrosse in Scotland by working closely with the rest of the Board and various working parties from across the spectrum of Scottish Lacrosse.
